Marinette County Forestry Department
715-732-7526

Cutting Requirements:

Pine Thinning: Cut all trees marked with orange paint at DBH and stump. In addition, cut all other species that contain one or more merchantable products that can be removed without damaging the residual pine. All conifer stumps will be treated with Cellutreat from April 1st to December 1st.

Oak Coppice: Cut all trees that contain one or more merchantable products. Merchantability will be to a 4 inch top. No cutting will be allowed from April 15 to July 15 within these units.

Scale Notes:

All spruce and fir will be scaled as white pine, approximately 10 cord.
